## Entity Information – “Who are we?”, “Why do we exist?”

For the year ended 30 June 2023

<b>Legal name of entity:</b>	New Zealand Railway & Locomotive Society Incorporated
<b>Type of entity and legal basis:</b>	Incorporate Society and Registered Charity
<b>Registration number:</b>	CC22947

### Entity's purpose or mission:

- To facilitate the interchange of information and comment concerning the design, construction, operation and development of New Zealand and other railways, their locomotives, facilities, plant, and equipment.
- To place on public record information related to the history and development of railway transport in New Zealand.
- To encourage and facilitate as far as possible, the preservation of railway literature, photographs, documents, tickets, models, and other items of railway interest that will help illustrate and preserve the history of railway transport in New Zealand.
- To foster an interest in railways and railway transport.
- To enter into agreements or to affiliate with such other organisations as the Board may see fit, provided that those other organisations have, in the opinion of the Board, objects that are in whole or in part similar to those of the Society.
- To encourage or advise the appropriate authorities on the marking of historic railway sites and objects, the establishment of walkways alongside abandoned railway formations, and to provide relevant historical information for these purposes.
- To promote the activities outlined in the Bylaws and such other activities as the Board consider beneficial to members.

### Entity Structure:

*Management Structure:* The Society is governed by a Management Board, two executive committees, being the Administration Committee, and a Publications Committee, and other sub-committees such as the Archive and Preservation Committees, and New Zealand member groups. Management Board consists of seven members, including three executive officer positions of president, secretary, and treasurer. The board meets at least once every three months. The secretary and treasurer and other board members may also lead or be involved in the executive committees and branches as determined by the work plan and priorities.

*Administration Committee:* The committee meets at least six times a year. The committee is responsible to oversee the day-to-day operations of the society which include general administration, finance, membership, publicity, liaison with groups, publication of the Society's newsletter, operations of the magazine groups, archives, preservation work, and the maintenance of the Ava premises in Petone, and the premises at Silverstream.

*Publications Committee:* The committee meets at least three times a year. The committee is responsible for the production, publication, and overseas distribution and sales of “The New Zealand Railway Observer” magazine, calendars, books, and booklets.

## Entity Information – continued

For the year ended 30 June 2023

*Operational Structure:* The Society is run predominantly by volunteers. The Society pays two Administration Officers and a Bookkeeper for the day to day running of the Society. Archive research, preservation, and storage of old records, and publications sales and dispatch is managed by volunteers at Ava. Volunteers undertake preservation work at our shed at Silverstream. Silverstream stores and displays our rolling stock under cover and provides space and facilities for the volunteers.

### **Main sources of the entity's cash and resources:**

New Zealand Railway and Locomotive Society Inc.'s primary source of funding is through membership subscriptions and sales of magazines, calendars and other publications to members and the public.

Additional sources of funding include:

- Donations and Grants
- Archive Research
- Interest
- Other item sales

### **Main methods used by the entity to raise funds:**

Annual membership subscription renewal drive, with new members gained through our website and magazine sales/advertising.

Sales of publications to individual members and non-members advertised in our magazine, flyers, website, and through retail stores.

Archive income earned from researching our archives for customers.

### **Entity's reliance on volunteers and donated goods or services:**

The Society is mainly reliant on volunteers. The Society has at least 20 volunteers who commit various amounts of time to manage the operations and govern the Society.

The Society regularly receives donated archive materials for collation and storage from various sources. And sometimes receives donated rolling stock.

# Statement of Service Performance

For the year ended 30 June 2023

## Description of the Entity's Outcomes:

The Society fosters an interest in railways and railway transport, and place on public record information related to the history and development of railway transport in New Zealand and to encourage and facilitate as far as possible, the preservation of railway literature, photographs, documents, tickets, models, and other items of railway interest that will help illustrate and preserve the history of railway transport in New Zealand.

The Society has financial members from New Zealand and overseas. Members pay an annual subscription and are entitled to a special price for Society publications and a copy of the bi-monthly "The New Zealand Railway Observer" magazine "Turntable" newsletter.

The Society also sells the Observer Magazine and Society publications to the general public through retailers.

The Society has 13 member groups throughout New Zealand. Members meet together regularly.

A team of volunteers collect, collate, and preserve archives of historical information, and then find information for members and the public on request.

The Society owns several locomotives and items of rolling stock as listed in Note 7 of this Performance Report. Some are waiting or in process of restoration.

# Notes to the Financial Statements

For the year ended 30 June 2023

## 1 Reporting entity

The Society was formed in 1944 by enthusiasts interested in the then New Zealand Railways. Membership is open to all with an interest in the New Zealand Railway system both old and new. Members can join a magazine and photo distribution group. Member groups meet in most cities where talks, films and other activities can be enjoyed. We are active in restoring locomotives and rolling stock which we own.

## 2 Summary of Significant Accounting Policies

### Basis of preparation

These financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice (NZ GAAP). For the purposes of complying with NZ GAAP, the Society is a public benefit entity (PBE). In the case of the Society, NZ GAAP means Public Benefit Entity International Public Sector Accounting Standards Reduced Disclosure Regime (PBE IPSAS RDR). Under the Accounting Standards Framework issued by the External Reporting Board, the Society is eligible to apply PBE IPSAS RDR because it is not publicly accountable and has total expenses less than or equal to \$30 million. The Society has elected to apply all RDR concessions available.

The financial statements have been prepared in New Zealand dollars, which is the Society's functional currency. All financial information has been rounded to the nearest dollar.

The financial statements have been prepared in accordance with historical cost concepts.

### Specific Accounting Policies

The following specific accounting policies that materially affect the measurement of the financial performance, financial position and cash flows have been applied.

### Donated services

The work of the Society is dependent on the voluntary services of many members. Due to the difficulty in determining the value of the donated services with sufficient reliability, donated services are not recognised in the Statement of Comprehensive Revenue and Expense.

### Taxation

The Society was registered under the Charities Act 2005 on 14 April 2008 and therefore is not subject to income tax from that date.

The Statement of Comprehensive Revenue and Expense has been prepared so that all components are stated exclusive of Goods and Services Tax (GST). All items in the Statement of Financial Position are stated net of GST, except for accounts receivable and accounts payable. All items in the Statement of Cash Flows are stated exclusive of GST. The net GST received or paid during the year for operating, investing, and financing activities is included as part of operating cash flows.

### Significant management judgements

There were no significant judgements that require disclosure other than those already made in this report.

## 3 Revenue

Revenue is recognised when it is probable that the economic benefits associated with a transaction will flow to the Society and when the amount of revenue can be reliably measured. Revenue is measured at the fair value of the consideration receivable. The following specific recognition criteria are used:

### a) Membership fees

The Society's annual membership year is 1 July to 30 June. Fees are due 1 July. Membership income is recognised monthly throughout the year in line with services provided.

	2022/23 (\$)	2021/22 (\$)

**Accounting Policies**

Items of property, plant and equipment are recorded at cost less accumulated depreciation and accumulated impairment losses. Cost includes those expenses that are directly attributable to the purchase of the asset. Subsequent expenditure that extends or increases an asset's service potential is capitalised.

Depreciation is provided on a mix of straight-line and diminishing value basis on all property, plant and equipment to allocate the cost or value of the asset (less any residual value) over its useful life. The estimated useful lives of the major classes of property, plant and equipment are as follows:

Office equipment	3 - 5 years	Furniture and fittings	5 - 10 years
Computer equipment	3 - 4 years	Leasehold improvements	6 - 15 years

## Notes to the Financial Statements - continued

For the year ended 30 June 2023

### Property, plant, and equipment (continued)

The useful lives, depreciation methods and residual values are reviewed at each balance date and adjusted to reflect any change in the expected pattern of the consumption of the future economic benefits or service potential embodied in the asset.

### Significant Donated Assets - Not Recorded

The Society receives collections of archival material relating to New Zealand Railways. The Society does not fair value the collections as they cannot be reliably measured or replaced.

### Heritage Rolling Stock – not included in Statement of Financial Position

The Society owns the following items of Heritage Rolling Stock. Current market values are not readily obtainable, so they are therefore not included as assets in the Statement of Financial Position.

**10 Financial Instruments****Financial assets**

Under PBE IPSAS 29 *Financial Instruments: Recognition and Measurement*, financial assets can be classified into one of four categories. The classification is determined on initial recognition and specifies how assets are subsequently measured and where any gains or losses are recognised.

The Society's financial assets have been classified as Loans and Receivables, being non-derivative financial assets with fixed or determinable payments that are not quoted on an active market. These assets comprise cash and cash equivalents, receivables and accrued income, and investments in term deposits.

Loans and Receivables are initially recognised at fair value plus transaction costs directly attributable to the acquisition of the asset. Subsequent measurement is at amortised cost using the effective interest method. Gains or losses arising when the asset is derecognised or impaired are recognised in surplus or deficit. If an asset has been impaired, the carrying amount is reduced through the use of an allowance account and the amount of the loss is recognised in surplus or deficit. Loans and Receivables are derecognised when the contractual rights to receive the cash flows are waived or expire.

**Cash and cash equivalents**

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value. For the Society, these assets are bank accounts and on call deposits.

**Investments in term deposits**

These are term deposits with registered banks.

**Financial liabilities**

The Society's financial liabilities comprise trade and sundry creditors, and accrued expenditure. Financial liabilities are initially recorded at fair value plus transaction costs directly attributable to the acquisition of the liability. Subsequent measurement is at amortised cost using the effective interest method. The liabilities are derecognised when the liability is extinguished. Gains or losses arising when the liability is derecognised are recorded in surplus or deficit.

## 12 Equity

Equity is the members' interest in the Society and is measured as the difference between total assets and total liabilities.

Equity is disaggregated and classified into components to enable clearer identification of the specified uses that the Society makes of its accumulated surpluses. The components of equity are accumulated comprehensive revenue and expense, and special funds.

	30 June 2023 (\$)	30 June 2022 (\$)
<b>Accumulated funds as at 1 July</b>	393,150	417,382

## 13 Goods or Services Provided to the Entity in Kind:

The Society does not employ staff and therefore is wholly reliant on the generosity of in excess of 20 volunteers throughout New Zealand and the UK. These volunteers commit their time to administration, publications, preservation, and governance of the Society. The Society does not fair value volunteer time in The Statement of Financial Performance as the value of the hours of services cannot be reliably measured.

## 14 Related party transactions

### Key management personnel

Key management personnel, as defined by PBE IPSAS 20 *Related Party Disclosures*, are all directors or members of the governing body (the Board) and other persons having the authority and responsibility for planning, directing, and controlling the activities of the reporting entity.

The Society made related party payments to, and earned related party receipts from, certain Board members. All payments and receipts to all parties were made at arm's length commercial terms and conditions.

		2022/23 (\$)	2021/22 (\$)
G T Carter (Chair)	Contract services - Editor of the Observer	17,791	17,791
K J Lankshear (Treasurer)	Contract services - Accounting	5,095	5,683
<b>Total</b>		<b>22,886</b>	<b>23,474</b>

## 15 Capital commitments

The Society had no capital commitments as at balance date (2022: nil).

## 16 Contingencies

There are no contingent assets or contingent liabilities as at balance date (2022: nil).

## 17 Events subsequent to balance date

There are no events subsequent to balance date that would materially affect these financial statements.

## 18 Going Concern Assumption

In approving these financial statements, the Board considers the going concern assumption appropriate. The Board believes the Society will have sufficient cash flows to meet its financial obligations as they fall due. This assumption is based on consideration of the 30 June 2023 financial position and forecast financial performance for the 12 months following approval of the financial statements. The Board has a reasonable belief that this forecast will be met.
